

Symbol DS6700 Series

Handheld digital imager scanner

FEATURES

1.3 Megapixel imaging

Provides resolution to support image capture and bar code scanning; provides flexibility to capture documents as large as 8.5 in. x 11 in./ 21.6cm x 27.9cm

Support for all major 1D, PDF, postal and 2D symbologies

Delivers application flexibility; eliminates need for multiple devices — and associated costs

RSM (Remote Scanner Management) Ready

Lowers IT expenses and TCO by enabling remote management from a central location

Text enhancement technology

Ensures legibility of text in scanned documents

Capture data and images with single multi-use device

The versatile Symbol DS6700 Series from Motorola delivers the functionality of a 1D and 2D bar code scanner, digital camera and document scanner in a single device. Designed to meet a wide variety of business needs across a variety of industries, the Symbol DS6700 enhances employee productivity and streamlines business processes in retail, government, manufacturing and more by combining an onboard 1.3 megapixel camera with high performance scanning features and superior digital imaging technology.

Enhance employee productivity

The Symbol DS6700 Series delivers the accurate and rapid first time scanning of bar codes required to maximize employee productivity. Whether you need to read 1D, 2D or PDF417 bar codes, the Symbol DS6700 Series provides true point-and-shoot bar code capture — there is no need to orient products to the scanner window, and a viewfinder ensures the image is properly captured the first time. Users can dynamically switch between hands-free and handheld operation to quickly, easily and safely scan large items. And a pick list function expands

usability from the front room to the back room, enabling rapid processing of orders and more.

Superior document clarity for record-keeping applications

Our text enhancement software delivers the document clarity required to streamline record-keeping, replacing paper-based files with electronic filing. From medication prescriptions to bills of lading, the high-resolution camera and text-enhancing software work hand-in-hand to ensure the visibility of text on documents captured, including very small print. As a result, critical business information is literally at your fingertips, helping to reduce administrative and regulatory compliance costs.

An outstanding return on investment

The Symbol DS6700 Series reduces capital and operating expenses by eliminating the need to purchase, manage and support additional devices — such as digital cameras and separate bar code scanners for different symbologies. Fewer devices to deploy significantly reduces the time and costs associated with training — and positively impacts productivity. The ability to remotely track, deploy and upgrade Symbol DS6700 Series scanners reduces
